For Immediate Release

Cominar Remains Focused

Québec, August 6, 2015 — Cominar Real Estate Investment Trust (“Cominar” or the “REIT”) (TSX: CUF.UN) announced today its results for the second quarter of fiscal year 2015.

Highlights for the Quarter Ended June 30, 2015

- Increased net operating income of 26.2%
- Closing of a public offering of debentures for \$300.0 M

Subsequent Event after June 30, 2015

- Early redemption of the Series E convertible debentures totalling \$86.3 M and bearing interest at 5.75%

“The important acquisitions made in 2014 continue to contribute to the increase of our results for the second quarter of 2015. However, Target stores closure will have, for several quarters, a negative impact on our results. We are confident that the reorganization of these spaces, when completed, will bring a greater contribution than the one received from Target on these same spaces,” said Michel Dallaire, President and Chief Executive Officer of Cominar.

“The second quarter was also marked by the economic weakness affecting some of our clients. Organic growth in our same property portfolio was partially cancelled out by the increase in bad debts during the quarter and by the decrease in our occupancy rate. Our same property net operating income, which was increasing for four quarters, is down 0.8% for the second quarter of 2015 compared to the same period of 2014,” said Gilles Hamel, Executive Vice President and Chief Financial Officer of Cominar.

PRESENTATION OF RESULTS

For the quarter ended June 30, 2015, **operating revenues** increased to \$224.8 million, up 26.7% over the comparable period in 2014 when operating revenues were \$177.5 million.

Net operating income reached \$122.8 million, up 26.2% compared to net operating income in the second quarter of 2014.

Recurring distributable income reached \$67.5 million, up 29.6% over the second quarter of 2014. The **basic recurring distributable income per unit** amounted to \$0.40 for the current quarter, down \$0.01 compared to the same period in 2014.

Recurring funds from operations for the second quarter of 2015 reached \$76.2 million, up 26.3% compared to the second quarter of 2014. **Recurring funds from operations per unit fully diluted** amounted to \$0.45, compared to \$0.47 in the corresponding quarter of 2014.

Recurring adjusted funds from operations for the second quarter of 2015 reached \$65.7 million, up 28.4% compared to the same quarter of 2014. Fully diluted per unit, they amounted to \$0.39, down \$0.01 compared to the same quarter of 2014.
